

UPDATE OF NEW INVESTIGATOR

France Légaré, MD, PhD
Tier 2 Canada Research Chair in
Implementation of Shared Decision
Making in Primary Care

ON-GOING PROJECTS

France Légaré

- Laboratory in Implementation of Shared Decision Making in Primary Care.** Partnership-Canada Research Chairs. Infrastructure. 2007-03 to 2008-12
- Interprofessional approaches to shared decision making in primary care: advancing theories, frameworks, methods and measurement.** Grant from the CIHR. 2007-01 to 2009-03
- Translating shared decision making into clinical practices: proof of concept.** Grant from the CIHR. 2007-04 to 2008-03
- Health care and health policy challenges in genetic laboratory services.** Grant from the CIHR, IG-ISPP-ISPS. 2004-11 to 2007-10
- DÉCISION+, a Continuous Professional Development Program to Improve Optimal Drug Prescription : a Feasibility Study.** Grant from the FRSQ-Optimal use of prescription drugs Projects. 2005-05 to 2008-04

FOCUS OF EACH PROJECT

France Légaré

- Laboratory in Implementation of Shared Decision Making in Primary Care.** Partnership-Canada Research Chairs. Infrastructure. 2008-12 **1- Infrastructure**
- Interprofessional approaches to shared decision making in primary care: advancing theories, frameworks, methods and measurement.** Grant from the CIHR. 2007-01 to 2009-03 **2- Concepts and measurements**
- Translating shared decision making into clinical practices: proof of concept.** Grant from the CIHR. 2007-04 to 2008-03 **3- Analyses**
- Health care and health policy challenges in genetic laboratory services.** Grant from the CIHR, IG-ISPP-ISPS. 2004-11 to 2007-10 **4- Description of practices**
- DÉCISION+, a Continuous Professional Development Program to Improve Optimal Drug Prescription : a Feasibility Study.** Grant from the FRSQ-Optimal use of prescription drugs Projects. 2005-05 to 2008-04 **5- Intervention**

UPDATE OF STUDENT

Annie LeBlanc, MSc
PhD student in epidemiology
CIHR-IRSC doctoral scholarship
Dr France Légaré, Director

ON-GOING ACTIVITIES

Annie LeBlanc

- PhD in epidemiology :** Comprehensive exams in May-June 2007
- Project(s):** Intense involvement in DÉCISION+, a Continuous Professional Development Program to Improve Optimal Drug Prescription (Feasibility Study)
- Publications:** 1 submitted paper to Med Dec Making as 1st author
LeBlanc A, Kenny D, O'Connor A, Légaré F. A dyadic approach to shared decision-making: an application of the actor-partner interdependence model.
- Abstracts to ISDM 2007 Freiburg :** 1 oral presentation and 3 posters
LeBlanc A, Kenny D, O'Connor A, Légaré F. A dyadic approach to shared decision-making: an application of the actor-partner interdependence model.
Légaré F, Dodin S, Stacey D, Tapp S, LeBlanc A, Brouillette M. Patient decision aid regarding natural health products for menopausal symptoms: a randomized controlled trial.
LeBlanc A, Légaré F, Labrecque M, Thivierge R, Godin G et al. DÉCISION +: a pilot study pertaining to the implementation of shared decision-making in the context of upper respiratory infections.
Légaré F, LeBlanc A, West T, O'Connor A, Kenny D. Dyadic data analysis in the context of shared decision-making: concepts, challenges, and perspectives.
- Awarded a Fellowship to the Summer Institute in Informed Patient Choice.** Dartmouth College, Hanover, New Hampshire. June 2007
